

Capscan Bureau Services

Capscan Bureau Services for the expert touch

As well as designing and manufacturing software products, Capscan also offer address data cleansing and enhancement services through our Bureau.

Capscan has been at the leading edge of address management for many years and over this period, the Bureau has checked and postcoded over 200 million records for organisations in both the public and private sectors. With our established track record for providing a quality service, we can help ensure that your addresses are as accurate as possible.

The Capscan Bureau can provide:

- Full postcode and address cleansing service
- European address cleansing and coding
- De-duplication
- Data capture services and manual cleansing/improvement
- Consultancy

The Capscan Bureau also offers other data enhancement and screening services to add further value to address data including:

- Mail Preferencing Service (MPS)
- Telephone Numbers and Telephone Preferencing Service (TPS)
- National Telephone Number Change Update
- Change of Address
- Gone-away Suppression
- Mortality Screening
- Lifestyle Codes
